

Spike 03 Plan

Name: Flash a firmware to the esp8226

Context:

The team needs to be able to flash different firmware to the device.

Skill Gap: Do not know the flashing process.

Goals/Deliverables:

1. Successfully flash a different firmware.

Planned start date: 12/03/2015

Deadline: 18/03/2015

Planning notes:

1. Read the tutorial at;
https://github.com/geekscape/nodemcu_esp8266
2. Flash the firmware available on the geekscape github repository.
